

CABLE DISPENSER 'A' FRAME

This A-frame cable dispenser will keep your drums neatly organised while you're working on electrical jobs. The large frame fits multiple reels of cables, so you can simply pull out the wire you need and cut it to size.

This lightweight holder is collapsible and easily folds flat, so you can store it away when you're not using it. It's fitted with a chain to help you ensure that it's securely erected while in use. Plus, it prevents the cables from twisting up and becoming damaged, making it easy to dispense wires when you're in the middle of a task.

FEATURES & BENEFITS

Folds flat for easy storage
Lightweight and easy to transport from job to job due to compact folding design
Prevents twisting of cables for hassle-free dispensing
Holds multiple reels in one place
High quality powder coat finish
Durable steel construction
Designed for CATV, Telecom and electrical installers
